This will be the first time the Association has staged the Annual Dinner since 2019. The previous occasion was a great success.

All county shooters who have won cups, trophies and medals will be presented them by our guest speaker Mr Richard Fisher – Founder of the Vickers Machine Gun Collection & Research Association. Richard started collecting militaria as a 10 year old. His specific interest in the Vickers Machine Gun was a result of his grandfather's service in WW2 as a machine gunner in the Cheshire Regiment in Italy.
